Nightly Closures on IL 59 from Aurora Avenue to McCoy Drive for a Resurfacing Project

CHICAGO – The Illinois Department of Transportation (IDOT) announced that overnight lane closures will take place on Illinois 59 between Aurora Avenue and McCoy Drive, in Aurora and Naperville, beginning, weather permitting, Monday, May 1. The closures are necessary for a resurfacing project along Illinois 59.

In order to complete the work, nighttime lane closures will take place on Illinois 59 between Aurora Avenue and McCoy Drive on weekdays during construction activities.

The work is expected to be completed in Summer 2017. The resurfacing project will connect new pavement on both sides of the project limits.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
